

Clarity and Convenience

Guests will enjoy their morning routine with ClearMirror™

Getting ready for the day on a business trip or vacation can be stressful. Help your guests get their day off to a great start by allowing them to get ready in front of a fog-free mirror.

The Original *ClearMirror*™ is the perfect amenity for your hotel. And your guests will absolutely love looking into a fog-free mirror while they stand in a warm bathroom. No more wiping, squinting or struggling to see. No need to open doors or windows to remove the steam from their morning shower.

Efficient, Safe and Easy to Install

ClearMirror only uses the 65 Watts and is typically wired to the overhead vanity light, so it is only operating when you really need it. We carry UL, C-UL and NY City BEC approvals to ensure safe operation.

The ultra-thin heating pad adheres to the back of the vanity mirror and has electrical leads that are easily connected to an overhead vanity light.

Enjoying the Morning Routine in Comfort

Guests will enjoy the morning routine without the frustration of foggy mirrors. No more wiping, squinting or struggling to simply see themselves in the mirror!

Happy Guests. Enhanced Styling. Reduced Cleaning.
Get it all with the Original ClearMirror from NewHome Bath and Mirror.
